

Sprains, Bruises Stiff Muscles

Sloan's Liniment will save hours of suffering. For bruise or sprain it gives instant relief. It arrests inflammation and thus prevents more serious troubles developing. No need to rub it in—it acts at once, instantly relieving the pain, however severe it may be.

Here's Proof

Charles Johnson, P. O. Box 106, Lawton's Station, N. Y., writes: "I sprained my ankle and dislocated my left hip by falling out of a third story window six months ago. I went on crutches for four months, then I started to use some of your Liniment, according to your directions, and I must say that it is helping me wonderfully. I threw my crutches away. Only used two bottles of your Liniment and now I am walking quite well with one cane. I never will be without Sloan's Liniment."

Dry Seed Corn Now

"Drying seed corn is even more important than selection this fall," says J. C. Hackleman of the Missouri College of Agriculture. If frozen with as much moisture as it seems likely to contain when the first freezing comes, it may be almost worthless as seed next spring. To avoid danger from early frost, select the most mature ears in the field and dry thoroughly at once. If a neighbor's corn of seed variety ripens earlier arrange to pick in his field. Seed grown in the locality in which it is to be planted is always to be chosen in preference to that shipped in from a distance.

Air-drying in the sunshine is slower but safer unless fire-drying is absolutely necessary to secure safety from freezing. Well-dried corn will stand any freeze it is likely to get in Missouri but the danger from too rapid fire-drying is only less than that from freezing.

The corn is not safe for storage or exposure to cold weather quite as soon as the appearance of the kernels might indicate because there is so much more moisture in the cob and the cob is so much slower in drying than the kernels. Be sure not to store while there is still moisture enough in the cob to cause heat or molding.

Each ear should be so placed in wire or slat racks, or so hung that no two ears will hang together so as to hold moisture and cause molding. The storage place should be airy and well ventilated. It should not be closed until drying is completed, unless cold weather necessitates closing. A little fire may be used to hasten drying.

Some claim that the war was made in Germany, but they can't say it is being fought there.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food, gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

MAKES RHEUMATISM PROMPTLY DISAPPEAR

Chronic, Crippled-up Sufferers Find Relief After Few Doses of New Remedy are Taken

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter all the poisons from the blood and drive it on and out of the system.

Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle at any first-class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst backache or excruciating urinary disorders.
